<sup>^</sup>Average performance of each Contributor providing DFM solutions where the historic risk profile has been in the range of 0-40% of world equity markets.

**Notes**

1. Past performance is not an indication of future performance.
2. Returns and holdings will vary between investors given the nature of timing and beneficial ownership under an MDA structure.
3. Model portfolio total returns include dividends and income, but exclude franking credits.
4. Returns greater than 12 months are annualised.
5. Returns are net of underlying fund fees, but do not take into account any platform fees and management fees levied by NPW
6. Returns do not take into account entry and exit fees and do not take into account any taxes payable by the investor.

This report provides general information only and does not take into account the investment objectives, financial circumstances or needs of any person. To the maximum extent permitted by law, Newport Private Wealth Pty Ltd, its Directors and employees accept no responsibility for any loss or damage incurred as a result of action taken or not taken on the basis of information contained in the report or any omissions or errors within it. Before making any decision you should consider the latest Product Disclosure Statement or Financial Services Guide and assess whether the product and / or service is appropriate for you. It is advisable that you obtain professional financial, legal and taxation advice before making any financial investment decision. Newport does not guarantee the repayment of capital, the payment of income, or the performance of its investments.

**Investment Style/Strategy**

The model holds a portfolio of managed funds & ETFs. 50% of the portfolio (the portfolio core) is invested in diversified absolute return strategies and 50% of the portfolio (the portfolio satellites) is invested in fixed income securities through specialist ETF providers. The allocation to individual asset classes is managed on a tactical basis. Underlying fund managers are monitored regularly on both quantitative and qualitative measures

**Suitability**

The portfolio is designed for investors who...

- Seek exposure to mostly income producing assets with some capital growth
- Seek diversification across asset classes and specialist fund managers
- Seek some capital growth with downside protection via "all weather" strategies

**Strategic Asset Allocation**

|                              |             |
|------------------------------|-------------|
| Domestic Equity              | 0%          |
| International Equity         | 0%          |
